

Also, here's how to make it to Coq's from Ottawa...

1. From Ottawa take Qc HWY 50 east for about 37 km;
2. Take exit 174 for QC-309 N direction L'Ange-Gardien/Mont-Laurier (make a left at exit);
3. Go straight thru the roundabout continuing on 309N for about 74km
4. In the village of Notre-Dame-du-Laus, make a right on Chemin du Ruisseau Serpent, follow it for about 11km until you see the cliff on your left; and
5. Park on either side of the road at the bottom of the hill. Typically, the hike in starts more towards the climber's left, walking back the road from where you are parked since most folks go to climb Trois Vices and Case'O Beer. But once you hit the wall, it is easy enough to walk its base in either directions to find your line.
